

EVENT CATERING MENU

We Events, from baby and bridal showers to christenings and birthday parties, accommodating both small groups of 40 and larger ones of up to 150 guests.

SAFE. HONEST. EATING

While a buffet with attentive servers is often the most budget-friendly option, we believe in providing options that elevate the guest experience. To ensure your event runs smoothly and stress-free, we offer a complete package, including chafing dishes, crockery, glassware, and cutlery for hire. Plus, we take care of the cleanup and washing up, allowing you to focus on reflecting on the success of your event rather.

If you require serving staff, this is costed depending on the duration of the event. This is additional charge. Event Catering is charged at per a head minus any add-ons.
